

# GIOACCHINO MOSCATO

Mechanical Engineer Student

@ giomoscato98@icloud.com

☎ 327 73 19128

📍 Milano, ITALY

31-10-1998, Lecco, Italy

## EDUCATION

Bachelor of Science (99/110)

**Ingegneria Meccanica (L9)**

📅 2017 - July 2020

📍 Palermo

- Università degli studi di Palermo

Master of Science

**Mechanical Engineering**

📅 2020 - In course

📍 Milano

- Politecnico di Milano

High School Degree (80/100)

**Liceo Classico**

📅 2012 - 2017

📍 Palermo

- Liceo Classico Giuseppe Garibaldi

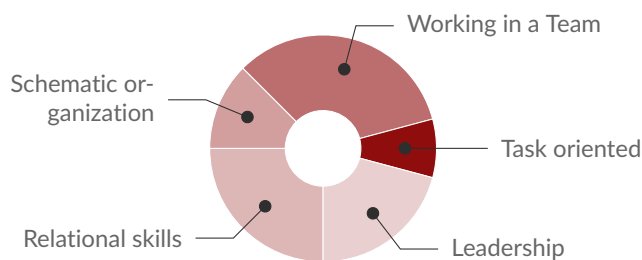

## LANGUAGE

English

**B2**

- Cambridge English level 1 Certificate in ESOL International (First)
- TOEIC (Listening and Reading text)

## STRENGTHS

## EXPERIENCES

**Public Relation**

Event organization agency

**Exchange student program**

Cohabitation with an American guy for six months

**Linguistic stage**

Family experience in Brighton for a week

**Competitive sports**

Soccer, Swimming, Water polo

## INTERESTS

*"I'm a student interested mainly in Smart Infrastructures, my dream is to link my passion for solving engineering problems with the world health care, looking for the development of new technological solutions. My energy and my aptitude to get myself involved in new challenges could be the best strengths for my future. Since my first studies I used to organize schematically all my works, that's my best task which was very important in my first group work experiences."*

## WORKS

**"Bending and twisting of rectangular copper wires: applications to the hairpin forming technology in electric motor industry"**

Semester project of Advanced manufacturing processes

**"Artificial Intelligence for global emergencies"**

Personal project on an innovative proposal

**"VIRTUAL ROBOT AND REAL HUMAN"**

Virtual Prototyping semester project

**"Hovering cables tests - Structure dynamic analysis by FEM method"**

Semester projects of Mechanical Systems Dynamics

## SKILLS

Mathlab, Simulink

Autocad, Solidworks

Excel

Abaqus

Unity
